
Task Based Assessment Optimization Digital Breast Tomosynthesis

task-based optimization and performance assessment in ... - task-based optimization and performance assessment in optical coherence imaging jannick rolland, jason o'daniel, ceyhun akcay, tony delemos, and kye s. lee **task-based optimization of source-detector orbits in ...** - poorly suited to optimization objectives with multiple tasks or multiple task locations. in this paper, we illustrate an optimization strategy that uses a low-dimensional parameterization of the orbit and nonconvex optimization of a task-based objective function that includes one or more task functions or task locations. ii. **task based assessment of breast imaging systems** - task-based assessment of x-ray breast imaging systems using in- silico modeling tools rongping zeng division of imaging and applied mathematics. office of science and engineering laboratories. cdrh, fda. 55. th: virtual tools for validation of x-ray breast imaging systems **model-based system assessment and trajectory optimization ...** - illustration: a trajectory optimization task and the mission-based assessment of an electric taxi drive system. in both examples, an aircraft model based on the flightdynamics library is used to ... **low-dose cone-beam ct via raw counts domain low-signal ...** - schemes: performance assessment and task-based parameter optimization (part ii. task-based parameter optimization) daniel gomez-cardona, john w. hayes, and ran zhang department of medical physics, university of wisconsin-madison school of medicine and public health,1111 highland avenue, madison, wi 53705, usa ke li **task-based imaging performance in 3d x-ray tomography ...** - importance of task-based assessment and the capability for system optimization in a fairly broad scope of clinical applications ranging from breast to abdominal and musculoskeletal imaging. the validity of the framework in describing "local" signal and noise characteristics is **risk-based maintenance optimization for transmission equipment** - based security assessment capability, provides year-long hourly risk variation for each contingency of interest. this information, when combined with a set of proposed maintenance tasks and corresponding contingency probability reductions, yields cumulative (year-long) risk reduction (crr) associated with each maintenance task and **assessment of track sequence optimization based on ...** - " assessment of track sequence optimization based on recorded field operations". efita-wcca-cigr conference "sustainable agriculture through ict innovation", turin, italy, 24-27 june 2013. 17%. as the survey showed, the task time savings varies significantly depending on the **state of the science of military human performance ...** - state of the science of military human performance optimization bradley c. nindl, ph.d., facsm, col (usar) ... • key task: leverage the most advanced techniques in health, sports ... - total force fitness capability based assessment; capt kimberly **an optimization-based multi-level asset allocation model ...** - "an optimization-based multi-level asset allocation model ... (moc) emphasizes standardized processes and methods, centralized assessment * this work was supported by the u.s. office of naval research under grant n00014-09-1-0062. ... ongoing task based on the performance at the end of previous day. the experiment was **task-based image quality assessment ... - opticsizona** - entitled task-based image quality assessment in x-ray computed tomography and recommend that it be accepted as ful lling the dissertation requirement for the degree of doctor of philosophy. date: 16 november 2015 ... cho and cslo were also used for optimization of ct protocols. our meth-
